#Certified and listed on the Register of Specialist and Enthusiast Vehicles published by DOTARS.					

Class I – Invitational: For automobiles that are ineligible for the Australian Production Car Championship / Australian Manufacturers Championship (APCC/AMC). Vehicles must still comply with CAMS Group 3E Regulations with exception to being certified and listed on the RVCS published by DOTARS. However, vehicles must be certified and listed on the Register of Specialist and Enthusiast Vehicles published by DOTARS.

Notes:

- Any make/model that is not listed may be considered for inclusion into the table of Eligible Automobiles following application to the Event Promoter and subject to each make/model meeting all eligibility requirements of the CAMS Group 3E Regulations.
- It is the intention of CAMS and the Event Promoter for the Bathurst 12 Hour (Classes A to F) to be Round 1 of the 2010 APCC/AMC. However, eligibility for the Bathurst 12 Hour does not automatically constitute eligibility for the APCC/AMC. Until such time as CAMS promulgate an APCC/AMC Vehicle Eligibility List, should you have any queries with regard your vehicle's eligibility, you should contact CAMS.
