Notes for Classes A, B & C:

- For FIA homologated GT3 vehicles, and GT3 vehicles with national homologation by other ASN's subject to CAMS agreement in each case, that comply with the provisions of the approved homologation document, the Event Regulations and are included on the List of Eligible Vehicles as detailed in Appendix I.
- Some makes/models in Class B may have additional CAMS approved sporting variant changes in addition to the approved homologation document.
- Some models in Class A will be subject to balance of performance measures. Such measures will be stated in the Balance of Performance Table on the List of Eligible Vehicles as detailed in Appendix I. Where such measures refer to the 2011 Blancpain Endurance Series Balance of Performance, this inherently implies the most current version of this document.
- Vehicles not on the Eligibility List will be considered upon application and be subject to approval by the Event Organiser and CAMS. Any vehicles accepted and approved may be subject to balance of performance measures.
- Individual classification of any make/model is subject to change by CAMS.
